November 6	Gg, Jj
November 13	Pp, Qq
November 27	Yy, Vv
December 4	Ww, Xx

December 11

December 18 Alphabet Review

As learners practice their letter formations at home, it is important that they practice using the correct "path of motion" for that particular letter. You will find a resource posted on our class website to help your child form the letters using the correct path of motion. This path helps your child by correctly and consistently writing the letters and your child will develop the muscle memory needed to write efficiently. This will also reinforce reading and writing practices as it supports the left to right and top to bottom sweep needed to read and write fluently.
